GREENFIELD STREET

## CARPOOL GUIDELINES:

Parents should never get out of the car.

Please **DO NOT** get out of line to pass cars unless signaled by a Sudduth staff member. Our team will signal you when you may pull forward and drive slowly to exit.

**For drop off**, please have students ready to get out as soon as you pull up to the curb. A staff member will help your child out of the car. Backpacks in hand, hugs and kisses given... and a wave goodbye!

If you have a student in multiple grades, drop them off in the line of the youngest child. For example, if you have a pre-k student and a 1st grader, the 1st grader will get out of the car in the pre-k line and walk down the sidewalk to the 1st grade entrance.

**For pick up**, have your carpool sign hanging in the windshield -- not laying on the dashboard.

If you do not have a carpool sign, you will be required to park and go into the office with your ID to get a carpool sign. This is a safety measure.

Your child will be called to a number and you will pull up to that number.

Your child will be loaded into the car by a staff member

Please pull ahead to Evergreen Street if you need to help your child buckle into the seatbelt.

## PRE-K & KINDERGARTEN

PreK & Kindergarten will drop off and pick up in the first loading zone (shown in green) when you enter Greenfield Street off North Montgomery.

PreK & Kindergarten parents should come from the **North on N. Montgomery** and get in the right lane. You will not be able to come from the south and turn left or weave into the right kindergarten lane.

## FIRST GRADE

First Grade will drop off and pick up in the second loading zone (shown in purple) when you enter Greenfield Street off South Montgomery.

First Grade parents should come from the **South on S. Montgomery** and get in the left lane.

When signaled, you will weave over to the right side next to the curb for drop off or pick up.
